It's days like this that remind us why we love what we do. Not only did we design, create & execute a larger-than-life installation, but we're also supporting Glenn in sharing his talented program with step-by-step tips on how others can master the skill of the perfect dunk. In partnership with the City of Compton, the Mayor, Emma Sharif, Councilwoman Lillie Darden, BD's President Mark Kudler, Ombudsman Bishop Guillary, and other dignitaries, Glenn pulled off the amazing dunk!
